**Thank God for "Common People"**

As our Lord came near to the end of His life, the religious leaders saw that they were losing their place of prominence in the sight of most of the people. The ordinary Jews who heard Him showed how fascinated they were by Jesus. They asked the question, "How does this Man know letters, having never studied" (John 7:15)?

The religious leaders "...heard the crowd murmuring these things concerning Him" and "...sent officers to take Him" (John 7:32). The soldiers returned empty-handed saying, "No man ever spoke like this Man" (John 7:46). The leaders tried to use their influence as religious leaders to persuade men by saying, "Have any of the rulers or the Pharisees believed in Him" (John 7:48)? This had no impact on the multitudes. Those leaders could not deny His power shown in the resurrection of Lazarus and in their frustration, "...the chief priests plotted to put Lazarus to death" (John 12:10).

The very next day, Jerusalem was in an uproar as Jesus made that triumphant entry into the city. He had been totally rejected by the "godly" leaders, yet His popularity was so evident. The leaders confronted Him in the temple, and He dealt with every one of their questions. "And no one was able to answer Him a word, nor from that day on did anyone dare question Him any more" (Matt. 22:46). They had failed! How did the multitude respond? "And the common people heard Him gladly" (Mark 12:37).

(Thank God for "Common People" continued on next page)

(Thank God for “Common People” continued from previous page)  
 “The common people heard Him...” Thank God for “common people,” for the kingdom of God did not attract nobility, but it was built upon the response of “common people” (1 Cor. 1:26; Jas. 2:5). “Common people” loved Jesus.

Jesus spent His life dealing with the “common people.” He ate with sinners and publicans; He helped Legion with the demons; He was part of the life of the woman who had seven demons; He touched the lepers; He felt the touch of a poor woman who touched His garments; He spent time with a woman who had had five husbands and was now living with a man outside of any marriage; He ignored the multitude to heal that blind man who was despised by most; He chose a “terrorist” (Zealot) to be an apostle and chose ignorant and unlearned fishermen to proclaim Him to the world. Thank God for “common people.”

The lesson to be learned from this should be obvious. Our world is filled with those religious leaders and their blind followers, but there are still “common people” who are searching for the meaning of life. As we sow the seed we must never overlook the “common people.” If Jesus were here He would definitely see the “common people” as future saints!

## MISSION REPORT

### Sunset International Bible School uses *the power of the sun to teach about the Son.*

Millions couldn't read the Bible even if it were given to them in their own language. In fact, 774 million adults in the world can't read or write. Others live in remote locations where 1.5 billion don't have electricity. In Zimbabwe, 80% of the rural population does not have electricity. These handicaps inhibit them from learning about the Gospel. They don't know and believe because they haven't heard. But now, with solar-powered audio players, they can hear the Word of God and believe. *"For them, faith really does come by hearing."*

**During Phase I**, Sunset delivered 2,000 solar-powered audio players to the African nations of Ghana, Liberia and Zimbabwe. Each solar player contains the entire Bible, all 40 of Sunset's courses (320+ hours of in depth Bible study), World Bible School lessons, other Bible teaching and recorded singing so hymns can be learned.

**Phase II** in 2015, continued to spread biblical training using this innovative mission method to Nigeria, Kenya, South Sudan, and Ethiopia with another 2,000 solar-powered audio players. This phase also included the translation of the course material into Amharic for the people of Ethiopia.

**Phase III, Sol to Soul**, began in 2016 and carried through 2017. For this project, Sunset made the solar player available in Spanish and 3,000 solar-powered audio players were delivered to Central & South America and the islands of the Caribbean. Beyond these efforts, many donors continued to give to send solar players to Africa.

In 2018, **Phase IV** concentrates on the island nation of the Philippines. Sunset intends to fill the islands with 2,000 solar players to help mature the growing church in that nation. During this phase, aggressive translation work will continue for future phases to provide solar players in Arabic, French, Creole, Telegu and Mandarin. Sunset appreciates that you have helped make all this

possible through your weekly contribution to this church and through your sacrificial giving to our "Sol to Soul" annual June fund drive.

**Good News!** *This year every dollar you give will be matched twice so your dollar becomes \$4. We have anonymous donors who will match this congregation's giving up to \$3,500 and all church of Christ's donations up to \$1,000,000.00. So please be as generous as you can. We will take up a special collection on Sunday June 24 to support this wonderful program.*

### BIBLE TRIVIA

To whom did Jesus say, "I tell you the truth, today you will be with me in paradise"?

*Answer from last week -*

*The foolish advice, "Curse God and die," that the righteous, suffering Job resisted was d) his wife's.*
